

# DISTANCE LEARNING 2021-2022

## PHOENIX CENTRAL SCHOOL DISTRICT

INTERACTIVE VIDEO COURSES ARE OFFERED IN COLLABORATION WITH CAYUGA AND ONONDAGA COMMUNITY COLLEGE, CITI BOCES AND OSWEGO COUNTY SCHOOLS.  
ONLINE COLLEGE COURSES ARE OFFERED THROUGH CAYUGA COMMUNITY COLLEGE.

*STUDENTS INTERESTED IN DISTANCE LEARNING COURSES SHOULD CONTACT SCHOOL COUNSELORS • DISTANCE LEARNING COURSES ARE AT NO COST TO STUDENTS*

## Interactive Video and Online College Courses

To maximize schedules, students should consider taking all courses in a pathway for the full year.

For example, all courses in the Medical/Gen Ed Pathway from 7:55-9:05 each day for the FALL and SPRING semester will result in 12 college credits.

Intersession and Summer Courses are optional but could result in 18 college credits in one year.

Additional online courses are available for students with study halls. Students are limited to one additional online college course per semester.

**Interactive Video Courses are taken at the school district in a state of the art distance learning room with a distance learning facilitator present. Each college has a matching distance learning room where the professor is located. All courses are instructed by college professors located at Cayuga and Onondaga Community College. Students take courses with other high school students from across Oswego County. Online courses are offered through Cayuga Community College and can be taken during a study hall but must report to the distance learning facilitator located in the school district.**

**All students are progress monitored by CiTi BOCES.**

### **ANT 152 Introduction to Cultural Anthropology**

#### **Onondaga CC - 3 college credits**

This course provides students with an introduction to the cultural and social systems that humans have devised over time and space, using a comparative anthropological perspective. The course will also focus on using the methods, theories, and concepts of cultural anthropology to understand and explain the cultural diversity seen around the world.

Delivered via Interactive Video

### **ASL 101 American Sign Language 1**

#### **Onondaga CC - 3 college credits**

This course is designed for students with little or no previous knowledge of American Sign Language. Students acquire basic grammar and lexical skills that will enable them to communicate in routine social or professional situations within an authentic cultural context. Topics may include, but are not limited to, the following: biographical information, relationships, preferences, leisure activities and making plans for the future.

Delivered via Interactive Video

### **ASL 102 American Sign Language 2**

#### **Onondaga CC - 3 college credits**

This course is a sequel to American Sign Language I. It builds upon the basic grammatical, linguistic, communicative and cultural concepts learned in ASL 101. Students learn to communicate in the context of an increasing number of daily life topics. Topics may include, but are not limited to the following: daily routines, hobbies, food, clothing and other belongings, health and emergencies, and the workplace. Prerequisite: ASL 101

Delivered via Interactive Video

### **ASL 201 American Sign Language 3**

#### **Onondaga CC - 3 college credits**

This dynamic course draws upon previously acquired knowledge while introducing students to more complex grammatical and lexical structures to further develop communicative proficiency and cultural knowledge. This course is conducted mostly in American Sign Language. Upon successful completion of ASL 201, students may enroll in ASL 202. This course fulfills the Global Awareness requirement at OCC. Prerequisite(s): ASL 102

Delivered via Interactive Video

### **ASL 202 American Sign Language 4**

#### **Onondaga CC - 3 college credits**

This course is a sequel to American Sign Language III. Students develop increasingly complex grammatical, linguistic, communicative, and cultural skills that will enable them to communicate in a greater range of situations within an authentic cultural context. In this course, students will use depiction and discourse strategies to narrate about and to discuss relevant topics to the Deaf community such as people, personal experiences, vehicle incidents, and medical situations. Prerequisite: ASL 201

Delivered via Interactive Video

### **BIO 209 Basic Nutrition**

#### **Cayuga CC - 3 college credits**

Appropriate for science majors and non-majors, also students pursuing a career in healthcare professions. Examines the fundamentals of nutrition, including nutrient composition of foods; physiological factors influencing nutritional needs; behavioral considerations related to food intake; nutrient digestion, assimilation, and storage; energy requirements; life cycle requirements; weight management; diet therapy; fad diets; manufactured food; methods used in dietary assessment and nutrition research. ONLINE only during intersession and summer semester.

### **BUS 103 Principles of Business**

#### **Cayuga CC - 3 college credits**

Overview includes foundations of American business, forms of enterprise, organizing for business, fundamentals of management, the production of goods and services, human relations, union-management relations, marketing, accounting, finance, money and banking, securities and investments, government relations and business law. ONLINE ONLY

### **BUS 232 Introduction to Social Media Marketing**

#### **Cayuga CC - 3 college credits**

This course provides an overview of how social media has drastically changed overall marketing strategies and how companies are embracing social media to enhance customer relationships, brand awareness, and market share. Students will explore the types of social media tools such as (Facebook, Twitter, LinkedIn, YouTube, Instagram, Google, etc.) and learn strategies to implement these tools in an overall marketing plan. Students will use case studies and real-world examples to explore current examples and future opportunities of how marketing professionals have capitalized on these social media strategies

### **CJ 111 Introduction to Criminal Systems**

#### **Cayuga CC - 3 college credits**

Comprehensive survey of justice systems including historical, organizational, social, functional, and administrative aspects. Provides the background and principles to introduce students to succeeding in specialized courses.

Delivered via Interactive Video

### **CJ 220 Criminology**

#### **Cayuga CC - 3 college credits**

Prerequisite: CJ 111. Studies the causes of crime and detection and treatment methods. It also covers the historical approach and modern methods.

Delivered via Interactive Video

### **COM 210 Public Speaking**

#### **Onondaga CC - 3 college credits**

Public Speaking is a course designed to acquaint the student with the basic theories and skills of public discourse. Course content includes the importance of audience analysis and adaptation, how to choose an appropriate topic, organization, speech purpose and delivery, and critical analysis of discourse. Word study, effective language use, effective non-verbal skills and critical listening skills are also stressed.

Delivered via Interactive Video

### **COM 220 Interpersonal Communication**

#### **Onondaga CC - 3 college credits**

This introductory course is designed to acquaint students with the communication skills needed to succeed both academically and socially. Course content includes communication theory, perception, verbal and non-verbal communication, effective listening, assertiveness, awareness of the self as communicator, interpersonal problem-solving, and relational communication. Emphasis is placed on class discussion as a tool for learning and practicing the skills presented in class.

Delivered via Interactive Video

### **COMM 130 Human Communications**

#### **Cayuga CC - 3 college credits**

This course introduces students to communication studies. It surveys topics in human perception, language, relationships, face-to-face, and mediated communications. Models for effective communication are explored in various contexts and cultures.

ONLINE ONLY

### **ECON 102 Personal Finance**

#### **Cayuga CC - 3 college credits**

For students who desire knowledge in managing their personal finances. Topics include budgeting; saving; borrowing; home purchasing; automobile purchasing; life, auto, and home insurance; health, disability and retirement programs; estate planning; and investing.

ONLINE ONLY

### **HLTH 104 Personal Health**

#### **Cayuga CC - 3 college credits**

An in-depth course in maintaining lifelong good health examines emotional health, drug education, family health, personal fitness, disease, consumer, and environmental health.

ONLINE only during intersession and summer semester.

### **PHIL 130 Medical Ethics\***

#### **Cayuga CC - 3 college credits**

Medical ethics focuses on the intersection between ethics, medical theory, practice, and policy. This course introduces students to the methods of medical ethics by focusing on the process and concepts of ethics and applying them to debates in the medical field like assisted suicide and euthanasia, assisted reproduction and abortion, and the problems of justice and health care access. Students will learn to use ethical theories to make sense of moral conflicts and support their conclusions with evidence. This course emphasizes critical thinking, ethical decision-making, and problem-solving.

Delivered via Interactive Video

There is a possibility Medical Ethics will be changed to PHI 105 Ethics depending upon professor availability.

### **PSY 101 Introductory Psychology**

#### **Cayuga CC - 3 college credits**

Basic orientation to the psychology of human behavior. Studies the aims and methods of psychological investigation and measurement, and biological and social influences on behavior. It also focuses on learning, motivation, emotion, perception, and personality development.

Delivered via Interactive Video or Online

### **PSY 212 Developmental Psychology - Life Span**

#### **Cayuga CC - 3 college credits**

Prerequisite: PSY 101. Introduction to the foundations of human development across the life span. Developmental processes and issues characterizing various stages of aging are studied, with attention to the interrelationships of the various stages and intergenerational issues.

ONLINE ONLY

### **SOC 101 Introductory Sociology**

#### **Cayuga CC - 3 college credits**

Introduces sociology as a science concerned with relationships, institutions, organizations, and the physical environment. Outlines the major theories as a basis for sociological perspectives on social issues. Covers the origins of sociology as a science, diverse patterns of social organization from a global perspective, the nature and substance of cultural systems and social institutions, and sociological perspectives in analyzing trends in human society.

Delivered via Interactive Video or Online

### **SOC 103 Introductory Sociology**

#### **Onondaga CC - 3 college credits**

This course is a foundational introduction to the broad range of topics encompassed in the “science of society.” Students will learn how to study society with sociological methodologies and how to interpret it with sociological theories and thinking. Students will furthermore explore major sociological topics such as social and economic inequality, gender and sex, the structures of family and human societies, race and ethnicity, religion, socialization processes, and forms of deviance and culture.

Prerequisite: 80% GPA at the end of Junior Year.

Delivered via Interactive Video
