

PHOENIX CENTRAL SCHOOL DISTRICT

2023 2024

CALENDAR AND INFORMATION GUIDE

MESSAGE FROM THE SUPERINTENDENT

Dear Phoenix Central School District Families,

Welcome back to the 2023-2024 school year! I hope you all had a great summer and enjoyed some time with your family and friends.

Like so many districts around us, we are currently seeing an increase in the number of students who are considered chronically absent. Chronically absent students are those students who miss at least 15 days of school in a year. If students were chronically absent every year from kindergarten through 12th grade, these students would

miss a minimum of 195 days of education. These are the students who are at greatest risk of falling behind and / or dropping out of school.

Being present in school every day matters! Start building this habit early in your child's education so they learn right away that going to school on time, every day is important. Eventually good attendance will be a skill that will help them succeed in high school, college and the workforce.

We have a lot of great activities planned for the 2023-2024 school year. I encourage you to get involved and to attend our scheduled open houses, athletic events, musical productions and many of the other wonderful activities taking place in our schools. This calendar is filled with many important upcoming Phoenix CSD events, as well as useful school and community information. Please be sure to check our website at www.phoenixcsd.org often for additional events and information.

I greatly appreciate your continued support and am confident that together we can make our school district one of the best districts in Central New York! On behalf of the School Board and the entire Phoenix Central School District, we wish you all a wonderful school year!

Sincerely,

Christopher J. Byrne

Superintendent of Schools |  @cbyrnepcs

JOHN C. BIRDLEBOUGH HIGH SCHOOL

STUDENT SCHEDULES

Students will receive a copy of their schedules for the school year through the mail on approximately Aug. 26; they will also be available via SchoolTool at that time. Please be patient. If a student does not receive a schedule, it means that counselors are still working on it and it will be available on the first day of school.

Seniors should be sure they are taking a credit load of 6 or more. Freshmen, sophomore and junior students are expected to carry 6.5 credits or more. There should be no empty timeslots on their completed schedule. If students have questions or problems with their schedules, they may contact the guidance office.

IMPORTANT – SCHEDULE CHANGES WILL BE CONSIDERED AFTER THE FIRST FOUR DAYS (or 1 full cycle) OF OUR SCHEDULE OF SCHOOL. Teacher assignments, class sizes, room furniture, textbook orders and supplies have all been planned around the course requests made last spring. Therefore, teacher change requests cannot be honored. Important – Seniors should check to make sure their scheduled courses will complete their requirements for graduation in June. Check your Student Agenda if you are not sure of graduation requirements.

STUDENT AGENDA BOOK

All rules, regulations and procedures for JCB are printed in the Student Agenda. The book includes procedures for attendance, schedules, passes, class rank, code of conduct, graduation requirements, grading, National Honor Society, textbooks, vehicles, and other topics.

Agendas will be distributed to all high school students on the first day of school. Student Agendas can be replaced or purchased at the high school main office for a fee of \$5.

GENERAL INFORMATION

UNIVERSAL PRESCHOOL PROGRAM AT MAROUN ELEMENTARY

A Universal Preschool Program will be offered at Maroun Elementary each year if state funding is approved. Eligible students must be 4 years old by Dec. 1 and selected by lottery drawing. Morning and afternoon classes are offered with approximately 18 students per class.

KINDERGARTEN SCREENING

Prior to entering school, kindergarten screening will be available to all students. The purpose of this screening is to ascertain the most appropriate class placement for each student. Dates for the screening will be announced at kindergarten registration and through local newspapers.

STUDENTS WITH SPECIAL NEEDS COMMITTEE ON SPECIAL EDUCATION

When a child experiences academic or behavioral concerns in school, they will be referred to the Response to Intervention (RTI) to discuss possible intervention strategies to support your student. We then begin a process called Response to Intervention (RTI) as mandated by the federal government. This process attempts multiple, monitored interventions at 8-10 week intervals to ensure we, as a school district, have made every attempt to intervene on behalf of your child. If the interventions have been unsuccessful, your student may be referred to the Committee on Special Education for an educational evaluation. Parents may also request an evaluation in writing, but as a district we are still bound to attempt a wide range of interventions.

The Committee on Special Education is responsible for determining a student as having an educational disability. The committee recommends services and placements that will provide your child with an education that enhances and supplements their abilities. The initial committee that determines eligibility consists of the Director of Special Education, possibly building principal, a regular and special education teacher serving the student, a school psychologist, service providers that may have performed assessments for your student, a parent of a child with a handicapping condition and the school physician (if requested.) For more information please call: Timothy Ristau, Director of Pupil Personnel & Special Education Services, 315-695-1648.

Special Education Services make it possible for students with handicapping conditions to receive the best possible education. Some of the Special Education Services the district provides are listed below:

- | | |
|------------------------------------|------------------------------|
| •Integrated Classroom Services | •Speech Therapy |
| •Consult Teacher Services | •Special Classes |
| •Resource Services | •CiTi Instructional Programs |
| •Physical and Occupational Therapy | •Counseling |

RESPONSE TO INTERVENTION

The purpose of Response to Intervention (RTI) is to intervene early when a student is struggling with the intent of building academic success, competency and preventing a sense of failure for the student. RTI is based on a problem-solving model aimed at improving students' academic, speech or behavioral needs. It is a practice of (1) providing high-quality instruction and interventions matched to student need, (2) monitoring progress frequently to make decisions about changes in instruction or goals and (3) applying student response data to important education decisions. This process is applied to decisions in general, remedial and special education, creating a well-integrated system of instruction/intervention guided by student outcome data. *Please access www.phoenixcsd.org to learn more about our RTI process.

PARENT - TEACHER CONFERENCES

Parents have the opportunity to meet with their child's teachers twice during the school year at parent-teacher conferences. They are scheduled in the evening and during the afternoon to provide convenient times for parents. Please contact the child's teacher immediately if a concern or question arises, rather than wait for conference dates.

DATA INFORMATION FORMS

Parents and guardians are sent home information forms to complete and return on every student and it is extremely important that this information is correct. It will ask for telephone numbers and addresses. The school would appreciate it if this information changes that they are notified immediately. This information is treated with confidentiality and used for only official school business.

TITLE I AND TITLE II

Phoenix Central School District receives federal funding through several grants. Among them, we receive Title I, Part A and Title II, Part A funds. Throughout this school year we will provide information regarding the federal programs. The intention of Title I, Part A – Improving Basic Programs Operated By Local Educational Agencies is to provide “financial assistance to LEAs and schools with high numbers or high percentages of poor children to help ensure that all children meet challenging state academic standards”. Title II, Part A – Teacher and Principal Training and Recruiting Fund “provides funds to all NYS local education agencies for the purposes of meeting” ESSA highly qualified teaching requirements.

CODE OF CONDUCT

INTRODUCTION

The Board of Education is committed to providing a safe and orderly school environment where students may receive and district personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other district personnel, parents, and other visitors is essential to achieving this goal.

The district has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty and integrity.

STUDENT RIGHTS AND RESPONSIBILITIES

The district is committed to safeguarding the rights given to all students under state and federal law. In addition to those rights, all district students have the right to:

1. A safe, healthy, orderly and civil school environment.
2. Take part in all district activities on an equal basis regardless of age, race, religion, color, national origin, sex, sexual orientation or disability.
3. Present their version of the relevant events to school personnel authorized to impose a disciplinary penalty as in connection with the imposition of the penalty.
4. Have access to school rules and, when necessary, receive an explanation of those rules from school personnel.

ESSENTIAL PARTNERS – PARENTS

All parents are expected to:

1. Recognize that the education of their child(ren) is a joint responsibility of the parents and the school community.
2. Send their children to school ready to participate and learn.
3. Ensure their children attend school regularly and on time.
4. Ensure absences are excused.
5. Insist their children be dressed and groomed in a manner consistent with the student dress code.
6. Help their children understand that in a democratic society appropriate rules are required to maintain a safe, orderly environment.
7. Know school rules and help their children understand them.
8. Convey to their children a supportive attitude toward education and the district.
9. Build good relationships with teachers, other parents, and their children's friends.
10. Help their children deal effectively with peer pressure.
11. Inform school officials of changes in the home situation that may affect student conduct or performance.
12. Provide a place of study and ensure homework assignments are completed.

STUDENT DRESS CODE

All students are expected to give proper attention to personal cleanliness and to dress appropriately for school and school functions. Students and their parents have the primary responsibility for acceptable student dress and appearance. Refer to each individual building's rules regarding appropriate dress for school (available in each school).

PROHIBITED STUDENT CONDUCT

The Board of Education expects students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment.

Students may be subject to disciplinary action, or up to one year and including suspension from school, when they engage in behavior that is insubordinate, disruptive, violent, disorderly, or otherwise endangers the safety, morals, health, or welfare of others. The rules governing specific student behavior are listed in each school handbook.

The following offenses shall be subject to a one-year suspension subject to review by the Superintendent: arson, bomb threat, false fire alarm, possession of fireworks, explosives and possession of a weapon.

STUDENT SEARCHES AND INTERROGATIONS

The Board of Education is committed to ensuring an atmosphere on school property and at school functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of the law or the district code of conduct.

Students are not entitled to any sort of "Miranda" – type warning before being questioned by school officials, nor are school officials required to contact a student's parents before questioning the student. However, school officials will tell all students why they are being questioned. In addition, the Board authorizes the building principal to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search may result in evidence that the student violated the law or the district code of conduct.

When practical, the search will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched. The rules in the code of conduct regarding searches of students and their belongings do not apply to student lockers, desks and other storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

CODE OF CONDUCT continued

VISITORS TO THE SCHOOLS

The Board encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, certain limits must be set for such visits. The building principal is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member or student of the school will be considered a visitor.
2. All visitors to the school must report to the main office of the school upon arrival at the school. They will be required to show their driver's license for the district Raptor system, and will then be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds.
3. Visitors attending school functions that are open to the public, such as parent-teacher organization meetings or public gatherings are not required to register.
4. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the classroom teacher(s). When such visitations occur, they shall be made on basis of a defined need or shall be made only with the approval of their child's teacher and/or principal. (ref: Board Policy 1240, Regulation 1240-R)
5. Teachers are expected not to take class time to discuss individual matters with visitors.
6. Any unauthorized person on school property will be reported to the principal. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on school property contained in the code of conduct.

(Visitors to the Schools - See Board Policy 1240, Regulation 1240-R)

PUBLIC CONDUCT ON SCHOOL PROPERTY

The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this type of environment, it is necessary to regulate public conduct on school property and at school functions. The restrictions on public conduct on school property and at school functions are not intended to limit freedom of speech or peaceful assembly. The district recognizes that free speech and free expression are indispensable to the objectives of the district. 1. Intentionally injury any person or threaten to do so.
2. Intentionally damage or remove district property.

CODE OF CONDUCT continued

STUDENT RECORDS POLICY

The Family Educational Rights and Privacy Act (FERPA, 20 USC § 1232g) requires school boards to establish policies on student records and directory information. In accordance with the law, Phoenix Central School District's School Board's Student Records Policy contains the following information you should be aware of:

1. The right of the student's parent(s) or guardian(s) and eligible students to inspect and review the student's education records;
2. The intent of the school district to limit the disclosure of information contained in a student's education records except:
 - a. by prior written consent of the student's parent(s) or guardian(s) or the eligible student;
 - b. as directory information; or
 - c. under certain limited circumstances, as permitted by FERPA.
3. Parent(s) or guardian(s) of a student under 18 years of age or a student 18 years of age or older shall have an opportunity to challenge the content of their child's (their own) school records, to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading, or otherwise inappropriate data contained therein;
4. The right of any person to file a complaint with the Department of Education if the district violates FERPA; and
5. The procedure that a student's parent(s) or guardian(s) or an eligible student should follow to obtain copies of this policy and the locations where copies may be obtained.
6. The Phoenix Central School District forwards education records to other schools that have requested the records and in which a student seeks or intends to enroll.

The district shall arrange to provide translations of this notice to non-English speaking parents in their native language. To view the entire policy, visit our website at www.phoenixcsd.org and click on Board Policies (see #5500, 5500-R & 5500-E).

PARENT WRITTEN REQUEST NOT TO RELEASE STUDENT INFORMATION

A parent or eligible student may request that directory information not be released. Such request must be made in writing. If you have questions concerning this policy, please contact the principal of the building your child attends. Under the Elementary and Secondary Education Act of 1965 (ESEA) two federal laws now require school districts to provide military recruiters, upon request, with names, addresses and telephone numbers of students who are juniors or seniors, unless parents have submitted a written request not to disclose their child's information. See policy 5415

ATTENDANCE

The Phoenix Central School District complies with all attendance regulations required by the New York State Education Department. An out-line of the Comprehensive Attendance Policy and Attendance Regulation can be found in Policy and Attendance Regulation can be found in Policy No. 5100 and 5100-R.1 of the Phoenix Central Schools Board of Education Policy Handbook.

Regularity of attendance and punctuality shall be required of all pupils. Absence, tardiness or departure from school before the end of the school day shall be excused for the following reasons:

1. illness of the pupil;
 2. serious illness or death in the pupil's family;
 3. serious contagious or epidemic disease in the household where the pupil resides;
 4. medical or dental appointments which cannot be arranged for any other time;
 5. religious observance;
 6. religious education;
 7. required court attendance;
 8. impassable roads.
- Parents/guardians should be aware that absence due to family trips does not fall under the legal excuses for absences as listed above.

PROCEDURE AFTER ABSENCE/TARDY FROM SCHOOL

When a student has been absent or tardy from school, he/she, upon return to school, must present a written excuse to the homeroom teacher or main office. This excuse must contain the date and reason for absence and length of absence. It must be signed by the parent or guardian. The excuse is due immediately after an absence.

LEAVING SCHOOL EARLY

Students who must leave school early for such things as for a doctor or dentist appointment must bring a note from home in the morning. A K-12 student must be in a classroom a minimum of 1 hour to be considered in attendance for that day. If a parent is picking a student up in grades K-12 for an appointment or a family emergency they are to report to the Main Office of that building to sign the child out first, where they must identify themselves. No children will be dismissed directly from their rooms nor will children be let out of a building to meet parents in a car. JCB students can be excused by a parent or guardian from school once verification of a written passport, provided in the morning, has been received. Phone requests will not be honored.

SICKNESS IN SCHOOL

The school nurse will determine whether a student should be sent home. If the child is ill and needs to go home, parents will be notified. The emergency phone numbers must be included on the fall student data sheets so parents can be contacted. These data sheets help us identify emergency contacts and approve adults for emergency pickups.

HEALTH INFORMATION

Any new information regarding your child's health should be reported to the school nurse, including accidents, illnesses, operations, immunizations, etc.

CODE OF CONDUCT *continued*

MEDICATION IN SCHOOL

In the event a student needs to take medication while in school, we require that you adhere to the following:

1. A written statement from your physician indicating the name of the medicine, dosage, duration and any other pertinent information regarding its administration must be on file.
2. A written statement from a parent giving permission to have the medicine administered in school must be on file.
3. The medicine must be brought to school in the original container by a parent or adult.

If a student has a medical ailment, a written doctor's excuse must be obtained in order to be excused from gym. This should be given to the school nurse. Students must also have written permission to return to gym. We require physical examinations which need to include a BMI (Body Mass Index) for all students in grades K, 2, 4, 7, and 10. Parents may choose to have the physical exam completed by their family physician or by the school physician. As of September 1, 2008, New York State requires a dental certificate for the same grade levels. The dental certificate needs to be completed by your family dentist.

HOMELESS FAMILY/STUDENTS

If your family lives in any of the following situations:

- Shares the housing of another person(s) due to loss of housing or economic hardship;
- Lives in a motel, vehicle, or campground;
- Lives on the street or in an abandoned building or trailer;

Then, your preschool-aged and school-aged children have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act. Your children have the right to:

- Attend a school and participate in school programs with children who are not homeless. Children cannot be separated from the regular school program because they are homeless.
- Enroll in school without giving a permanent address. Schools cannot require proof of residency for homeless children that might prevent or delay school enrollment.
- Go to school in the school district in which you found shelter, no matter where you live or how long you have lived there. Your children must be given access to the same public education, including preschool education, provided to other children.
- Or, continue in the school your children attended before your family became homeless if that is your choice and is feasible. If a school district sends your child to a school other than one of these you requested, the school district must provide you with a written explanation and offer you the right to appeal the decision.
- Enroll and attend classes while the school arranges for the transfer of school and immunization records or any other documents required for enrollment.
- Receive the same special programs and services, if needed, as provided to all other children served in these programs.
- Receive transportation to school and to school programs.
- Receive transportation to the school your children attended before your family became homeless, if you or a guardian requests such transportation.
- Receive free or reduced priced meals if your children qualify.

During these difficult economic times our desire is to help. If your family is living in a homeless condition please contact the PCSD Homeless Student Liaison at 315-695-1648.

STUDENT SERVICES DEPARTMENT

The Student Services Department are pleased to provide a variety of supports to its students. The department consists of school counselors, school social workers and school psychologists. Together they include assistance in the areas of academic support and planning, career development, counseling and referrals for mental health agencies, social-emotional learning and behavioral interventions. In addition, counselors are a resource for parents seeking information regarding scholarships, financial aid, graduation requirements and college or technical school choices.

INSURANCE COVERAGE

The Phoenix Central School District has a student accident insurance program that will cover students for school sponsored activities. The insurance program is paid for by the district and is a "non-duplicating policy," which simply means that a parent's own accident policy would be primary and any balance would then be submitted to the district's policy for payment subject to the policy's deductible and limits, depending on the type of injury.

SCHOOL CLOSING

In the event school is to be closed this information will be given as early as possible over the following stations: WSTM-TV3, WTVH-TV5, WIXT-TV9, NEWS10-TV, WNTQ-93QFM, WAQX- 95XFM, WLTI-105.9, WSEN/WFBL, TK99, K-ROCK.

When it is necessary to close school, the district will call these stations and they, in turn, will broadcast this information. Usually this information will be on the air by 6 a.m. If you have any doubts about the opening of school, it is suggested that you keep your radio or TV on.

Please do not call the Transportation Department. Personnel are busy preparing the school buses in case school does open.

Listen for the Phoenix closings only. Because of the lake-front storms particular to this area, oftentimes, schools in other parts of Oswego County will be closed but Phoenix will be open due to the fact that the snowstorm has bypassed this section.

On occasion, it is necessary to send children home during the day if the forecast indicates that the weather conditions are going to worsen. This information also will be given to the radio stations as soon as the decision to send the children home is reached. It is suggested that you turn your radio or TV on if the weather appears to be worsening. Some TV stations have an email service with closing/cancellation updates that you can subscribe to if you so desire.

You should discuss with your children the possibility of being sent home earlier than usual from school because of worsening weather conditions. In case you are not at home, your child should know that they should go to a neighbor or know where an extra key to your house is kept. You will receive an emergency closing form during the fall. Please indicate on that form any special considerations that the school needs to be aware of in emergency closing situations.

CODE OF CONDUCT continued

SCHOOL BUS DISCIPLINE POLICY

In order to guarantee your child and the other children riding the bus have the safe transportation they deserve, we are using the following Assertive Discipline Plan:

Our philosophy – We believe all students can behave appropriately and safely while riding on a school bus. We will tolerate no student stopping drivers from doing their job or preventing other students from having safe transportation.

The following rules must be observed on the bus:

- Obey the bus driver the first time
- No fighting/horseplay/bad language
- Respect property and others
- Stay properly seated at all times
- No eating/drinking/smoking

On a daily basis, if a student chooses to break a rule, the following consequences are applied under the 6-12 Bus Discipline Policy:

Minor Infractions: Minor misconduct that can usually be handled by the driver. These include: failure to sit while bus is in motion, improper bus pass, inappropriate language, and other minor disruptive behaviors.

- 1st time: Driver warning
- 2nd time: Driver contacts parents
- 3rd time: Bus Referral – Detention
- 4th time: Bus Referral – Detention
- 5th time: Bus Referral – 1 to 3 days off bus
- 6th time: Bus Hearing – Bus Suspension for extended time.

Major Infractions: Major infractions are those that endanger the safety of others. These include: safety violations like opening emergency exits, blowing the air horn, throwing objects on the bus or out the windows. Verbal abuse of the driver is considered major. Vandalism is a major infraction that requires restitution as well as consequences shown below. Student Harassment or “bullying” is defined as physical or verbal action that hurts another or threatens, teases, ridicules or talks inappropriately about another person. All of these infractions are considered major and are subject to the following consequences:

- 1st time: Bus referral – 2 hours detention
- 2nd time: Bus referral – 3 to 5 days off bus
- 3rd time: Bus referral – 3 to 5 days off bus and 3 days ISS
- 4th time: Bus referral – Bus hearing with Principal and one calendar year bus suspension.

Serious Infractions: Serious misbehavior that endangers the health and welfare of others that cannot be tolerated under any circumstances. This includes fighting, use of tobacco products, drugs, alcohol, weapons, tampering with equipment, or assault of driver.

- 1st time: Bus hearing with principal and 3 to 90 day bus suspension
 - 2nd time: Superintendent's hearing and automatic one calendar year bus suspension.

DIGNITY FOR ALL STUDENTS

DIGNITY FOR ALL STUDENTS ACT

The Board of Education recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, taunting and intimidation.

Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the District will strive to create an environment free of discrimination and harassment and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with the District's educational mission. Please contact the appropriate coordinator if you need further assistance.

FOOD SERVICE PROGRAM

The Phoenix Central School believes that one of the most important ways in which we can help our children perform better in their classrooms is to provide them with the nutrition necessary for the healthy growth of their minds and bodies. Therefore we provide breakfast and lunch daily at affordable prices, which help us to maintain our high standard of quality and selection for our students.

Prices, menus and other important information can be found on the Food Service pages of the district website or phoenixcsdschoolcafe.org

PRICES SUBJECT TO CHANGE

Households that meet federal income guidelines are eligible for free or reduced price meals. Children approved for reduced price meals will receive free breakfast & lunch. Students receiving free meals are provided a complete meal. They must take the complete meal to receive the free benefit.

The food used in this School Lunch Program is of the highest quality. We are constantly looking for new, healthy, nutritious foods that our customers will enjoy. We also strive to find new ways to reduce fat content in our menus while at the same time providing the somewhat higher caloric needs of the student body.

Our success depends largely on your satisfaction with our program. Comments and suggestions are always welcome. We look forward to serving you during this school year. If you have any questions, please call Mrs. Patricia Barber at 315-695-1547.

Checks (made payable to Phoenix CSD Food Service Dept.) may be given to the cashiers at meal time or mailed to the school kitchen (Note: individuals with checks returned for insufficient funds will be charged a \$15.00 fee per check-SUBJECT TO CHANGE)

There is a fee per transaction (no longer per Cafe') for online payments. Of course, parents can still pay at the kitchens. Please note that this fee is subject to change by linqConnect.com.

Resources available to help you keep track of student accounts: linqConnect.com website and app, and notifications through the Food Service Office. Parents are responsible for the cost of meals until an application is entered and approved.

Community Eligibility Provision

The Phoenix Central School District is pleased to announce our eligibility for CEP, or the Community Eligibility Program. CEP is a program that provides free meals for all students for schools and school districts in low income areas. CEP allows schools that meet the requirements to serve breakfast and lunch at no cost to all enrolled students. All students will be eligible to receive a healthy breakfast and lunch at school at no charge to your household regardless of income. Please complete the CEP Household Income Eligibility Form to be used for reporting purposes and to determine if the district and/or your child(ren) may be eligible to receive additional funding as part of federal programs.

The CEP program will allow access to free nutritious meals for all students. Students receiving free breakfast/lunch through CEP will only need additional funds deposited to their accounts for additional purchases such as a la carte items, ice cream, extra snacks, a second meal, etc. Parents/guardians can either send in a check or cash with the student, or pre-pay by using our on-line services: Linq Connect.

CEP Household Income Eligibility Form – All students will receive meals at no charge regardless of household income or completion of this form. However, this form is very important to determine eligibility for additional State and Federal Program benefits that your child(ren) may qualify for, as well as for District Aide. Read the instructions, complete only one form for your household, sign your name and return it to the school. This form can also be completed online using Linq Connect.

Thank you.
